MEMORANDUM FOR: Director of Training

SUBJECT : Intelligence School Weekly Report #20
16 May through 22 May 1958

25X1 1. Planning for the JOT program is proceeding as rapidly as possible. [] met with C/IS on Monday afternoon to review the policy direction given by [] meeting 16 and 17 May. The following assignments of primary responsibility were made:

(a)

(b)

(c)

(d)

As of Wednesday, the assignment under (b) above was in suspense; C/IS discussed alternative outlines for the week with [] and was preparing a draft proposal, for such use as the administrative arrangements for the American Thesis might require. [] has completed a preliminary outline of the four-week program in Intelligence Techniques. A preliminary paper on each of the other programs is being prepared, but will not be ready immediately.

25X1 2. We plan to maintain competence in the instructional techniques field, either when [] returns to his T/C duties or when he is replaced. Between now and September, however, the instructional techniques training and related activities are being discontinued. In line with instructions by DTR in February, that the S & T program should have priority, the following actions have been taken:

25X1 (a) [] who is full time in the Operations School, has talked to [] TSS, concerning TSS students scheduled for Instructional Techniques on a
